Tardy Policy & Early Out Policy

Students arriving more **than 30 minutes** after their scheduled start time, *may* not be allowed to attend school that day and are welcome to return on time, the following school day. Students are asked to stay to the end of their scheduled day. If they need to leave early due to a medical appointment, family emergency or other reason, please discuss with the Director or Instructor in advance. More than 5 late arrivals in one calendar month may result in a student write up according to the school's conduct policy.

Excused and Unexcused Absences

An absence is an absence at Cincinnati Institute of Esthetics and Nails, there is no contract extension for an excused absence, but the school does appreciate you calling/texting in if you will know you will be out for scheduling purposes. Students are asked to call school staff, not a friend or fellow student, if you are going to be absent. In the event a student is absent 14 *consecutive calendar* days, for any reason, said student(s) will be dropped and may re-enroll per the terms of the re-enrollment policy.

Leaves of Absence

Cincinnati Institute of Esthetics and Nails is **not** presently offering Leaves of Absence; with programs ranging from 150-800 hours the programs are short. The school deems the program too short to benefit from missing a long period of time. Generously, Cincinnati Institute of Esthetics and Nails does compute contract end dates at the Maximum time frame (133% of the scheduled program length) allowing students time to occasionally miss days without incurring over time charges.

Students may make up hours by attending another class schedule other than their own with advance instructor permission. Students are also reminded if they miss more than 14 sequential calendar days of school, they will be dropped from their program but are welcome to re-enroll according to the school's re-enrollment policy.

Satisfactory Academic Progress Policy

Cincinnati Institute of Esthetics and Nails Satisfactory Academic Progress is consistently applied to **all** students enrolled at the school, regardless of their class schedule. This policy is provided to all students prior to enrollment by including in the school's catalog, which is both provided to students prior to enrollment and posted on the school's web page. The policy complies with the guidelines established by the National Accrediting Commission of Career Arts and Sciences (NACCAS) and the federal regulations established by the United States Department of Education. Cincinnati Institute of Esthetics and Nails' Satisfactory Academic Progress Policy includes both quantitative (attendance) and qualitative (academic performance) elements that are evaluated on a cumulative basis, as explained in the policy.

Evaluation Periods

The frequency of evaluations ensures that students have had at least one evaluation by midpoint in the course. Evaluations will be performed on **scheduled** hours. The chart below details the evaluation points applicable to each program:

Program	Course Length	Evaluation Points in Scheduled Hours
Esthetics	600 Clock Hours	300 scheduled hours & 8.5 weeks
Advanced Esthetics	750 Clock Hours	450 scheduled hours & 13 weeks and 600 scheduled hours & 17.50 weeks
Manicuring	200 Clock Hours	100 scheduled hours & 3 weeks
Apprentice Instructor Esthetics	500 Clock Hours	250 scheduled hours & 7.25 weeks
Esthetics/Manicuring Combo	800 Clock Hours	450 scheduled hours & 13 weeks and 650 scheduled hours & 19 weeks
Advanced Aesthetics Add- On	150 Clock Hours	75 scheduled hours & 2.25 weeks

- SAP evaluations are the same for programs with and without DE.
- The institution operates all programs according to a schedule of 900 hours & 26 weeks of instruction.

Attendance Progress

For a student to be deemed making satisfactory attendance progress (quantitative), the student must maintain a minimum attendance average of 75%. Evaluations are conducted at the end of each evaluation period to determine if the student has met the minimum requirements. The attendance percentage is determined by dividing the total hours accrued (clocked by the student), by the total number of hours scheduled. At the end of each evaluation period, the school will determine if the student has maintained at least 75% cumulative attendance since the beginning of the course which indicates that, given the same attendance rate, the student will graduate within the maximum time frame of 133% of the course.

Qualitative Progress

The qualitative element used to determine academic progress is a reasonable system of grades as determined by assigned academic (qualitative) learning. Students are assigned both academic learning (written exams) and a number of practical evaluations. Academic learning is evaluated during each unit of study, using class quizzes, written exams and practical tests. Practical skills are evaluated according to course rubrics adopted by the school and provided to students. Students must maintain a cumulative academic grade average of 75% to maintain satisfactory attendance progress.
